Meeting ID: 790 499 9331

Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

Attendees:

- Sean Bohan (openIDL)
- Justin Cimino (AAIS)
- Jeff Braswell (openIDL)
- Mason Wagoner (AAIS)
- Yanko Zhelyazkov (Senofi)
- David Reale (Travelers)
- Ash Naik (AAIS)
- Satish Kasala (Hartford)
- Faheem Zakaria (Hanover)

Agenda:

- Update on ND POC (KenS)
- MS Hurricane Zeta POC Architecture Discussion (KenS)
- Update on openIDL Testnet (Jeff Braswell)
- Update on RRDMWG and internal Stat Reporting with openIDL (Peter Antley)
- IWG update (Sean)
- AOB:
- Future Topics:

Notes:

Testnet

- Workshops, scheduling challenges, increase involvement

ND POC

- Last day of uploads for March data
- running report DOI creating data call and running thru that by Weds
- end of ND as far as work goes, retro in June and see whats next

MS Hurricane

- finalizing carrier responses
- security, business continuity
- tighter loop and questionnaire than just a POC
- not started yet, start in

RRDMWG

- roadmap for ETL user interface
- Fri talking validations and rules engine
- coming to this meeting next week to talk implementation on rules
- Joseph on next week
- "how are we going to get rules engine compliant with modern security stuff"
- Drules used to day is maybe vers 3, current v10, java in the rules engine is 10vers behind
- not sure how much work it is going to be
- Keep it simple
- Data standard - how to take existing and move to consumable way for carriers to use
- entails changing name, removing commercial auto refs
- getting to Jenny for internal review
- working thru stat plan and got help
- EP - in QA, hoping to get it to talk to Senofi on Thurs to test
- Mason doing legwork so BP, MHO and homeowners

JB

- as we work towards bringing on other POCs, need to think about how we are able to org so these communities can coexist w/o getting in each other's way
- leveraging HL Fabric
- openLD isn't just a single data call for stat reporting
